Lessee is responsible for the maintenance of this equipment including service meter while in his possession; any damage to this equipment resulting from improper care or maintenance will be charged directly to lessee.

Standard usage is 8 hours per day, 40 hours per week, or 176 hours per month. Overtime usage is determined by the service meter hour readings. The contract shall extend beyond the term, at the same terms, if the lessee holds the machine over the specified term of the lease.

TIRE CHARGE

In addition to the rental charges, lessee agrees to pay a charge, payable at the end of the lease term, for all wear or damage to rubber tires used on the equipment. Upon return of the equipment the rubber tires will be appraised by the lessor as to their then condition and lessee agrees to pay for any exhaustion through tread wear, cuts, cord separation, or any deterioration whatsoever during the use by lessee. Any new rubber installed by lessee will be taken into account in computing usage on the foregoing basis.

Lessee hereby leases the equipment described above from lessor and agrees to the rental terms and conditions on the reverse side.
