

City of Cedar Hills – Bayhill Park Pavilions
Invitation for Bid – Solicitation #NS18020CP

Specifications

The City of Cedar Hills is requesting bids from responsible firms or individuals for constructing one 10' x 10' pavilion that will need a 4" 10' x 10' concrete pad installed underneath, and one 10' x 34' park pavilion cut into an existing 4" concrete pad. The pavilions will need concrete footings based on the engineer's specifications. The project is located at Bayhill Park, 10300 N Bayhill Drive, Cedar Hills, Utah.

It is anticipated that the pavilion parts designed and manufactured by ICON shelter systems will arrive from Holland, Michigan during late October, or early November.

We would like at least two examples of similar pavilion projects recently completed by the firm, or individual along with references for those projects.

Questions concerning this project should be directed to the finance director, Mr. Charl Louw@ (801) 785-9668 ext. 401 or at clouw@cedarhills.org.

Bids will be received by Sci-Quest or at the above listed office until 11:00 AM MDT, Friday October 6, 2017.

The City of Cedar Hills reserves the right to accept or reject any or all bids or any part of any bid if it were deemed to be in the best interests of the City to do so.
